

*August 17, 2022***Subject: Nomination of the candidate for the position of oneM2M TDE Working Group Vice Chair**

On behalf of SyncTechno Inc. (a member of ETSI), I am pleased to nominate Sherzod Elamanov as a candidate for the TDE Working Group Vice Chair position.

Since joining SyncTechno Inc., Sherzod has been leading the development of IoT services and testing frameworks by adopting various ICT standards, including oneM2M. During his Master's degree studies at Sejong University, Sherzod was actively involved in contributing to oneM2M specifications such as Modbus Interworking and Interoperability Testing. He also participated in oneM2M interoperability events and showcased oneM2M demo product in ETSI IoT Week 2019.

SyncTechno Inc. is confident that with his comprehensive knowledge and experience in testing and development, Sherzod will fulfill his responsibility in his TDE Vice Chair role if elected.

SyncTechno Inc. will provide the full support that is necessary for Sherzod to successfully perform his role as the TDE Vice Chair.

Sincerely,

Hyunhee KOO
CEO, SyncTechno Inc.
